

Hi, I'm Zoha Hassan

Virtual Assistant | Digital Marketing & Creative Services Professional

I'm a versatile digital professional with hands-on experience in virtual assistance, data entry, digital marketing, social media management, graphic design, video editing, SEO, content creation, customer support, and web development.

I enjoy helping businesses stay organized, build a stronger online presence, and manage their digital tasks efficiently. From handling data and administrative work to creating engaging content, managing social media, developing websites, and supporting marketing activities, I focus on delivering reliable and practical solutions.

What I Do

I provide remote support across multiple areas, including:

Virtual Assistance & Data Entry

Digital Marketing

Social Media Management

Graphic Design

Video Editing

SEO

Content Creation

Customer Support

Web Development

My Approach

I believe good work is built on reliability, clear communication, attention to detail, creativity, and continuous learning. I take every project seriously and aim to understand the actual needs of a business before delivering a solution.

My Goal

My goal is to work with businesses, entrepreneurs, and teams worldwide, providing dependable remote support and digital services that make their work easier and more effective.

I'm particularly interested in long-term remote opportunities and professional collaborations where I can contribute my skills, continue developing professionally, and create measurable value.

Available for Remote Work

Available for remote work and freelance opportunities worldwide.

If you're looking for someone who can combine administrative support, digital marketing, creative work, and technical skills, I'd be happy to connect.

Let's work together.
